# Making room for personality

**Montana**

It's time to  
— *play*

This year, Montana is introducing even more ways to customise our system. No matter if you are a first-timer, or if you have had Montana for many years, the strength of the system is that it is inherently sustainable. Do you feel like something new? Change a shelf, get a new back panel, switch the castors, revamp your modules with striking handles in a complementary colour or add a brand new set of colourful legs.

We're exploring lively vibrant colours and clean calm spaces, celebrating the imperfections, decluttering your spaces and introducing new home office solutions as well as a striking new set of legs – all so you can get the infinite possibilities that our recently deceased founder, Peter J. Lassen, always dreamt of.

*And now, without further ado, let's play.*

## Safe for you — safe for the environment

*At Montana, we take our environmental responsibilities seriously. For us, sustainability is using high-quality materials and robust craftsmanship to produce long-lasting products. Long-lasting products that are neither harmful to you nor the environment.*

Since 2007, we have exclusively used water-based lacquer colours which do not contain any solvents harmful to you or the environment. Our modules carry the Danish Indoor Climate Label, and in 2019, we obtained the prestigious EU Ecolabel, becoming one of the first furniture brands in Europe to hold this official European certification. The Ecolabel applies to the entire Montana System, CO16, Montana Free Shelving System and all of our Panton products.

*Bei Montana nehmen wir unsere Verantwortung der Umwelt gegenüber ernst. Für uns bedeutet Nachhaltigkeit die Verwendung qualitativ hochwertiger Materialien und robusten handwerklichen Könnens, um nachhaltige Produkte herzustellen. Nachhaltige Produkte, die weder Ihnen noch der Umwelt schaden.*

Seit 2007 verwendet Montana ausschließlich wasserbasierte Lackfarben, die keine für Sie oder für die Umwelt schädlichen Lösungsmittel enthalten. Unsere Module tragen das dänische Raumklimazertifikat (Danish Indoor Climate Label), und 2019 wir erhielten als eine der ersten Möbelmarken in Europa die offizielle europäische Zertifizierung durch das renommierte EU-Umweltzeichen (Ökolabel). Das Ökolabel gilt für das gesamte Montana-System, CO16, das Montana Free Shelving-System und alle unsere Panton-Produkte.

## Danish design — Danish manufacturing

All Montana modules are designed, developed and made in Denmark. Every day, over 160 professionals work hard to uphold the highest standards of processing, painting and assembly. Nothing leaves our factory in Haarby, without having been manually inspected and approved, ensuring that every Montana piece has the perfect surface, jointing and craftsman's touch.

Die Gestaltung, Entwicklung und Fertigung aller Montana-Module erfolgt in Dänemark. Jeden Tag arbeiten über 160 Profis an der Einhaltung höchster Maßstäbe in puncto Bearbeitung, Lackierung und Montage. Kein Produkt verlässt unser Werk in Haarby ohne manuelle Inspektion und Genehmigung, um sicherzustellen, dass jedes Möbelstück von Montana die richtige Farbe, Verfugung und handwerkliche Bearbeitung aufweist.

## *New colours for a new era*

In 2019, Montana introduced a new colour palette, created in close collaboration with designer and colour alchemist, Margrethe Odgaard. The tones in the palette are changeable, deep and nuanced. They interact with sunlight, with other colours in their surroundings, and with all the items you add to them. All 42 colours are carefully created to match – no matter how you choose to combine them – giving you the freedom to express who you are.

Im Jahr 2019 führte Montana eine neue Farbpalette ein, die in enger Zusammenarbeit mit der Designerin und Farbalchemistin Margrethe Odgaard kreiert wurde. Die Farbtöne der Palette sind changierend, satt und nuanciert. Sie interagieren mit Sonnenlicht, mit anderen Farben in der Umgebung und mit allen hinzugefügten Gegenständen. Alle 42 Farben wurden sorgfältig aufeinander abgestimmt – ganz gleich, wie Sie diese kombinieren möchten –, um Ihnen die Freiheit zu geben, Ihrer Persönlichkeit Ausdruck zu verleihen.

# Less is — *calm*

## *Enjoy the serene zen of Japandi*

Dark and earthy tones, clean lines and a downplayed sense of pure well-being. The quietly beautiful Japandi style blends the very best of Japanese and Scandinavian décor traditions. Simple, sleek and systematic on one side, cosy, warm and natural on the other.

Choose muted tones such as White Oak, Balsamic or Mushroom to create the base for this boldly simplistic look, and don't be afraid to add a contrast colour like Hokkaido, Azure or Rhubarb.

Set the tone with a muted colour like Oat and add a little Hokkaido for contrast. Finish off with a bit of Bonsai. But remember, only a little. Japandi is all about quality, not quantity.

Mit einer dezenter Farbe wie Oat schaffen Sie die Grundstimmung und als Kontrast können Sie etwas Hokkaido hinzufügen. Runden Sie den Look mit ein wenig Bonsai ab. Doch denken Sie daran, Maß zu halten. Bei Japandi dreht sich alles um Qualität, nicht um Quantität.

# What are *you creating?*

If your answer is solutions, you are closing  
the process, creating an ending.

But if your answer is possibilities!  
You have opened an exciting creative process  
with endless possibilities.

PETER J. LASSEN

## A philosophy — of freedom

Montana is a family-owned, Danish company that proudly delivers on quality, craftsmanship and long-lasting products – while offering you endless possibilities to create the look that's just right for you.

In 1954, naval officer Peter J. Lassen followed his curiosity into the furniture industry, where he worked with renowned Danish architects and designers such as Arne Jacobsen, Jørn Utzon, Piet Hein and Verner Panton for many years, before he founded Montana Furniture in 1982.

Montana is based on his philosophy; that every one of us has a need for freedom and a natural desire to create our own personal spaces.

Peter J. Lassen passed away peacefully after a brief illness on August 15, 2019, in his home in northern Zealand, Denmark.

Montana ist ein dänisches Unternehmen in Familienbesitz, das sich seiner hochwertigen, handwerklich einwandfreien und nachhaltigen Produkte rühmt – und Ihnen gleichzeitig endlose Möglichkeiten bietet, um den Look zu schaffen, der genau zu Ihnen passt.

Im Jahr 1954 gab Marineoffizier Peter J. Lassen seiner Neugier für die Möbelindustrie nach, um viele Jahre mit dänischen Architekten und Designern wie Arne Jacobsen, Jørn Utzon, Piet Hein und Verner Panton zusammenzuarbeiten, ehe er 1982 Montana Furniture gründete.

Montana basiert auf Lassens Philosophie, dass wir alle das Bedürfnis nach Freiheit haben und das natürlichen Verlangen hegen, unsere eigenen persönlichen Freiräume zu schaffen.

Peter J. Lassen ist am 15. August 2019 nach kurzer Krankheit friedlich in seinem Haus im Norden von Seeland, Dänemark, verstorben.

And if one day, you're ready to hand over your Montana collection, we've made sure that the modules are durable and lasting for many generations to come, making Montana a sound investment.

Dadurch dass Montana so flexibel ist, gibt es unendlich viele Möglichkeiten, Ihre Module zu verwenden, sodass Sie ein Leben lang an Ihren hochwertigen Möbeln Freude haben werden.
